

MODULAR SOUND & VIDEO (MSV Series)

easy installation

low cost

gold connectors

brown, ivory or white

The MSV Series of decora panels offers a low cost customized look for your audio/video connections. They are good-looking, affordable, and easy to install. Each module is built on a decora style panel made of a durable lexan plastic. All of the connectors are gold plated. The modules mount into conventional electrical boxes. Installation is completed using matching decora style cover plates made of the same durable material. All connectors are bulkhead connections, making wiring and servicing quick and easy.

When ordering please specify the panel color. The MSV panels are available in brown, ivory or white.

Architects'/Engineers' Specifications:

The modular sound and video panels will be based on decora style lexan plastic modules that fit into conventional electrical boxes. They will be available in brown, ivory or white. All connectors will be gold plated with industry standard color coding, i.e. yellow for video and red/white for audio. All connectors will be bulkhead type. The modular sound and video panels shall be Emtech Electronics MSV Series.

Warranty:

Emtech Electronics, Inc. warrants each MSV module for the period of one year, from the original date of purchase, against defects in parts and workmanship. If a defect occurs, the module will be repaired or replaced, at our option, free of all charges if delivered prepaid to the factory. Warranty does not extend to finish, appearance, abuse or defects due to misuse or operation under other than specified conditions, nor does it extend to incidental or consequential damages. Repair by anyone other than Emtech will void the warranty.
