

## MSV-F Gold-Plated F81 Video Connection

The MSV-F has a single gold-plated F81 jack for handling the input or output of RF television signals. The MSV-F mounts into a standard single-gang electrical box (*not provided*), and is finished off using a matching decora coverplate (*see HPS-1*). The F81 is an “F” style connection on both sides of the panel. Modules are available in Brown, Ivory or White.
