

MSC-KV

Camera In / Video Out Jacks

The MSC-KV is a single-gang decora module that provides a camera input connection, and video out connection via a pair of color-coded RCA female to F jacks. The module mounts into a standard electrical box (*not provided*), and is finished off with a matching decora coverplate (*see HPS1*).

The camera connection consists of a chrome-plated RCA to F with a white insulator, while the video out is a gold-plated RCA to F with a yellow insulator.

The MSC-KV module is available in brown, ivory or white.
