Easily Customized

## MSC COMBO CONTROLS

The MSC Combo Controls are easily customizable decora panels built on our dual steel XLR plate. They offer a good-looking, affordable, and easy to install customized look for your A/V connections. With the MSC Combo Controls you can mix and match male or female XLR connectors, 3.5mm or 6.5mm jacks, F81, an RCA-Adapter, or RCA connectors. These combo modules mount into standard electrical boxes. The installation is completed using matching decora style cover plates made of nylon plastic (HPS series). Most connections are screw down terminals, making wiring and servicing quick and easy.

When ordering please specify the panel color. The MSC Combo Controls panels are available in brown, ivory, or white.

Here are a few possible combinations:

**MSC-M/H**  
3-Pin Female and Male  
XLR Connectors

**MSC-M/F**  
3-Pin XLR  
& F81

**MSC-M/E**  
3-Pin XLR  
& RCA-F

**MSC-M3.5 or 3.5S**  
3-Pin XLR  
& 3.5mm mono  
or stereo jack

**MSC-M1/4 or 1/4S**  
3-Pin XLR  
& 6.5mm mono  
or stereo jack

## Warranty:

Emtech Electronics, Inc. warrants each MSC Combo Controls for the period of one year, from the original date of purchase, against defects in parts and workmanship. If a defect occurs, the module will be repaired or replaced, at our option, free of all charges if delivered prepaid to the factory. Warranty does not extend to finish, appearance, abuse or defects due to misuse or operation under other than specified conditions, nor does it extend to incidental or consequential damages. Repair by anyone other than Emtech will void the warranty.
